Disabled parking

# Getting here

There are a number of ways to get to The London Clinic, though we recommend using public transport where possible.

## TRAVELLING BY CAR

**Please note that The London Clinic is within the Congestion Charge Zone.** The London Clinic does not have an on-site car park. There is metered parking on nearby roads and a number of public car parks close by. We have negotiated a 15% discount for all our visitors when they make an online booking for all Q-Park car parks in London. Alternatively, there is a drop-off point in front of the hospital for private car or taxi use.

## PARKING

We recommend that patients travel by taxi or public transport or ask a friend or relative to drop them off, when visiting The London Clinic. The London Clinic is located in an area with limited parking meters. However, if you do wish to drive, there are a number of public car parks nearby. To avoid the congestion charge, we suggest parking in Regent's park where there are a number of metered four hour spaces.

## TRAVELLING BY BUS

Buses 18, 27, 30, 205, 453 and N18 stop on Marylebone Road adjacent to The London Clinic.

## TRAVELLING BY LONDON UNDERGROUND

Depending on which line you use, the closest London Underground stations are:

- **Regent's Park Station**  
Bakerloo Line | 3 minute walk
- **Baker Street Station**  
Bakerloo, Circle, Hammersmith & City, Jubilee, and Metropolitan lines | 6 minute walk
- **Great Portland Street Station**  
Circle, Hammersmith & City and Metropolitan lines | 7 minute walk

## TRAVELLING BY TRAIN

The nearest mainline train stations are:

- **Marylebone Station**  
13 minute walk
- **Euston Station**  
20 minute walk
